## How to Discourage Generosity in your Church Art Rainer

### Notes

### How to establish a Legacy Ministry in your church

Unfortunately, when it comes to the topic of generosity we often are discouraging, as oppose to encouraging our church members. Often times, this occurs completely unintentionally.

### 6 Practical Ways Church Leaders Can Unintentionally Discourage Generosity

1. Assume they know all that you know about generosity.
2. Unrealistic budgets.
3. Placing the budget in the bulletin.
4. Dividing instead of budgeting.
5. Highlighting multiple designated giving options.
6. Out of frustration, use guilt to “encourage” generosity.
